

# Custom Replacement Carpet Mats

Is it long past time to replace those old, nasty, stained, and worn out original mats? Nothing improves the look of the interior faster than a fresh set of good looking and long wearing floor mats!

**2 piece, front only**  
LMFP \$85

BP's custom floor mats are made to the same standard as genuine, yet at a much lower price. The deep pile and color matches your carpet, and the heavy rubber backing prevents slippage. Additional clips also help hold the mats in place. When dirty they can simply be removed and hosed off.

**3 piece, includes back seat area** LMTP \$129

**Cargo mat** LMCP \$114

The patterns are cut to exactly match the floor contours, and the edges are stitched, not bound, for added ruggedness. These mats come with a 2 year guarantee, a full year longer than genuine.

Please give us the model, year, and the factory name of the interior color when ordering. Please allow a few days for delivery.

**Mat colors:**

- black
- ash grey
- gunstock
- RR grey
- sable
- granite
- dark granite
- smokestone
- beige
- sorrell beige
- bahama beige
- saddle/walnut
- sand
