Air Spring, insert only

ASIR

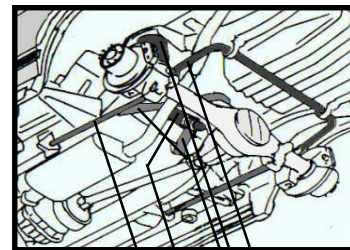

OME Spring set, 'medium'

OME764

OME Spring set, 'heavy'

OME762

rubber bladder only: requires pre inflation after assembly
 1-1/2" lift over stock, for loads up to vehicle gross weight rating
 2" lift, for constant loads of 440 lbs. or more

sway bar
 air spring
 center a-arm
 levelling unit
 lower link

Air Spring Insert

OME spring lift rates are approximate, based on stock ride height. If you are replacing sagging springs you will see more total lift. Medium rate springs work best in most cases. For tire clearance check our website or ask your BP salesperson.
